

# Talha Sahni

Laravel Developer

talhatech116@gmail.com

03157600030

Pakistan

Experienced Laravel developer with comprehensive knowledge of front-end technologies. Skilled in building efficient and user-friendly web applications. Proficient in creating seamless integrations between back-end systems and visually engaging user interfaces.

## WORK EXPERIENCE

### Laravel Developer Funtash Technologies

01/2022 - Present

#### Achievements/Tasks

- Coded websites using HTML, CSS, JavaScript languages. Planned website development, converting mockups into usable web presence with HTML, CSS and JavaScript. Multi-tasked across multiple functions and roles to meet deadlines and organizational expectations. Provided back-end website development using Php-Laravel. Engaged with clients to plan and optimize site issues and queries.

## PERSONAL PROJECTS

### PIFFERS Security Services..

- Piffers Security Services is a software that incorporates complex modules such as HRM, Operations, Training, Regulatory Affairs, Sales, CRM, and others. It has been developed with the purpose of enabling a company to manage its transformation and operations at a large scale, just like Piffers, which is operating throughout Pakistan.

### Transarabian

- Transarabian is an employment agency that employs people for positions in other countries. Candidates build their profiles and are given a dashboard where they can view the jobs they have applied for and their status. The admin panel of Transarabian was transformed into software. On the website, after an employee is shortlisted, their ledger is calculated. It provides a detailed breakdown of where the employees fees were deposited and how this expense was utilized, with a detailed explanation in the ledger just like a bank statement.

## EDUCATION

### Bachelors in Computer Sciences GC University/Faisalabad

12/2018 - 12/2022

## SKILLS

HTML

CSS

Javascript

Bootstrap

Php Laravel

Expertise in MVC

RESTFul API's Development

Server Configuration using CPanel

Server Configuration using Spanel

## ACHIEVEMENTS

### IT Academy, PAF Base Lahore.

I was once a member of the Pakistan Air Force (PAF), where I spent six months at PAF Base Lahore. I attended an Artificial Intelligence (AI) course. My understanding of cutting-edge technology and applications in the field of AI has significantly improved as a result of this AI course. I have gained knowledge and skills through this program that have enabled me to interact with AI-related ideas, tools, and methodologies in an effective way. I have a special combination of real-world military experience and a solid foundation in a disruptive technology like AI thanks to my time at PAF Base Lahore and my schooling in the field of artificial intelligence.
